Rental conditions for electric boats

Our electric boats are allowed to drive on the main part of Lake Rursee.

The tenant must be at least 18 years old and is solely responsible for boat and crew!

For insurance the tenant must leave,

- a deposit of 250 €, which can be stored in cash or with an ec-card,
- an ID or another proof of identity,

before entering the boat.

The boats provide insurance on hull and against damage to third parties. The tenant is liable with the stored deposit for damages, which are caused by improper use or a collision. Anybody has the liability to prevent a collision. There's no polluter-pays principle. In case of damage to the boat, engine or equipment, the deposit will be withheld.

Lost items must be replaced with the original price.

Damages to the boat, engine or equipment must be reported to the hirer immediately after their discovery, even if they were caused by the previous tenant.

In case of an accident / a collision with another boat or person, the hirer must be called immediately, and the police informed if necessary.

If the rental period is exceeded without prior consultation, and a connecting reservation has been cancelled, the tenant must pay the lost rental income.

Extension requests are to be clarified by phone with the hirer due to possible connecting reservations. There is no general right to an extension.

Cleaning:

You will usually receive a clean and dry boat. If you return the boat dirty or wet, we kindly ask you to clean it yourself. We will provide buckets and sponges. Otherwise, we charge a cleaning fee of 20 €.

Rules of conduct:

- The boat master is forbidden to drink alcohol!
- You are obliged to bypass other boats. Never cross the course of any other boat, especially passenger ships!
- Keep a minimum distance of 30 m from the shore.
- Landing stages must always be bypassed towards the lake, as they lead ropes to the shore, in which the boat may get caught and be damaged.
- It is strictly forbidden to bring or even drag the boat ashore. Docking at lading stages is not allowed. These are usually private and unauthorized persons are not allowed to enter.
- Please note other water sports enthusiasts who pursue their hobby: e.g., anglers who have thrown their bait far out into the lake from the shore. Always bypass them towards the lake, so you won't get caught in the fishing line.

Declaration: I understand and accept the rental conditions and rules of conduct.
